

IP68BOX Outdoor Installation Set

IP68BOX Outdoor Installation Set

- Junction box IP65 (filled with the casting compound IP68)
- 2-component PUR cast resin in a mixing bag
- Max. conductor cross-section 6 mm²
- Nominal insulation voltage U_i: 690 V
- Connection terminals for flexible earth leads
- Sealing cap for ventilation
- Protective gloves
- mixed and solid cast resin can be disposed of in household waste

Article no:	2521
EAN:	4013456550872
Length	95 mm
Width	95 mm
Depth	55 mm
Entries M20 / M25	8
Cable gland M25	3
Protection class	IP 65/ IP 68
Halogen-free	Yes
Dispatch	10

Unpack, install, ready: complete cast resin package, fast initial operation. Watertight, unprotected outdoor installation. Including 2-component PUR cast resin in a mixing bag. When creating unprotected outdoor installations, it is important to manufacture a reliable and secure connection which will last for many years. For example, vibrations in the ground caused by traffic shouldn't affect the connection, which is designed for long-term operation – and this can be guaranteed with cast resin. Time-saving, too, because after the backfilling process, the IP68BOX can be buried and energised.

- Junction box IP65 (filled with the casting compound IP68)
- 2-component PUR cast resin in a mixing bag
- 3 M25 cable glands, clamping range Ø 11-17 mm
- Processing temperature: 0 to +35°C
- Operating temperature: - 40° to + 70°C
