for sound insulation walls up to	69 dB
Halogen-free	Yes
Packaging inner/dispatch	10/100

Thanks to their solid box body in combination with the sound-absorbing surface on the base of the box, O-range® Acoustic one-gang and one-gang junction boxes guarantee the wall's sound insulation. This function is completely maintained even with directly opposing installation. The easy opening process and the 68 mm installation opening ensure fast mounting and also easy retrofitting in existing electrical installations.

- Maintains the wall's sound insulation protection
- Retrofitting is possible
- For Ø 68 mm installation openings
- For a directly opposing installation
- Easy entry for cables up to Ø 11.5 mm and conduits up to Ø M25
