

Splice cassette

Splice cassette, CSP, 24 splices, with holder

· Scope of delivery: cassette, holder

Article no:	AT29008
EAN:	8712259312507
Network level	3 / 4
Suitable for	Fibre management plate (FMP)
Number of fibers	24
Type	Splice
Number of splice trays	2
Height of splice trays	8 mm
Splice protection holder	CSP crimp
Loop length (splice tray)	300
Bending radius (splice tray)	30 mm
Halogen-free	Yes
Mounting options	Top-hat rail, combination rail, C-rail
Temperature range storage	-10 °C / +50°C
Temperature range installation	-10 °C / +60°C
Temperature range during operation	-20 °C / +60°C
Length	150 mm
Width	110 mm
Height	8 mm
Colour	grey - RAL 7035
Dispatch	25

The splice cassette slot is modular and allows insertion of 4 mm and 8 mm splice cassettes. The splice cassettes can be mounted in all fibre management plates. The cassettes are designed for either CSS crimp splice protection / mini shrink tubing (30 mm) or shrink tubing (45 mm). The portfolio also includes a cassette cover with laser warning and a specially developed splitter cassette for installing additional passive splitters in the fibre management plates in PON networks.
