| Halogen-free | Yes |

The "AK2 100% pluggable" distribution box accelerates the electrical installation on and in various cable support systems from different manufacturers. It does not matter whether it is a cable tray or mesh cable tray – the AK2 always fits. It is delivered to the construction site as a completely assembled unit ready for connection. Here, all that is needed is for the cables to be plugged in according to the plan.

- Connection-ready distribution boxes for the quick and safe installation of pre-assembled components
- 3-, 4- or 5-pole versions
- Completely equipped and pre-wired with connectors or as a 2- or 4-fold Schuko® socket
- Mounting solution for all common cable support systems
- For installation connectors of all well-known manufacturers
